

Know Your Carrier

A HERALD carrier since he was in the fourth grade at Seaside Elementary School is Tim Whyte, 14, of 5319 Sharynne Lane. He will be a freshman at North High School this fall.

Tim has carried Route 64 in the Seaside Ranchos area most of the five years he has been with the HERALD. He had 12 on the route when he took it, and in a period of three years built it up to more than 120.

The son of Mr. and Mrs. John W. Whyte, Tim wants to be an engineer when he completes his education. He plans to go on to college as soon as he completes high school.

In addition to his HERALD route each Sunday and Thursday morning, Tim carries two afternoon daily paper routes in the area. He is a member of Scout Troop 726, holds Explorer Scout rating and is a life Scout. He has won 12 merit badges and has been admitted to the Order of the Arrow.

The North Hi Breeze

As school opens this year, the Saxons will be introduced to the cousin of their old friend, the A.S.B. card, which is the new Activity card.

There are many advantages connected to the purchasing of both of these cards. Some of them are:

You will have priority on all of the routers' busses for the out-of-town football games and the bus that takes you to the Gene Norman Show.

The price of the Annual will be reduced 50 cents with an A.S.B. card.

The football games without cards will cost \$1. But with an A.S.B. card, the price will be 50 cents, and with an Activity card, free. There will be eight League games, so it could cost you eight dollars.

The Bee football games will be 50 cents. With an A.S.B. card, 25 cents, and with an Activity card, free.

The basketball games will be 50 cents. With an A.S.B. card, 25 cents, and with an Activity card, free.

The track meets will be 25 cents with an A.S.B. card, and free with an activity card.

Dances sponsored by the Student Council will be reduced with an A.S.B. card, and free with an Activity card.

Also, once a semester everyone with both cards will receive a free bag of popcorn. You see, all-in-all, you just can't lose when you buy both cards.

The A.S.B. cards is three dollars, and the Activity card is one dollar. You are not per-

mitted to buy the Activity card without first purchasing the A.S.B. card.

So, come on, kids, get on the ball, and let's see a lot of spirit this year at a minimum of cost.

Scout Trails

Pack 723-C

The August meeting of Cub Scout Pack 732C, sponsored by the Torrance Elementary School PTA, was held at Torrance Park recently with the group having a pot luck meal before the meeting.

Awards went to Denner Bill Polick, Assistant Denner Ronald Berry, both of Den 2. A Webelos arm patch and Boy Scout Handbook went to Jerry Hurst who graduated to that rank. Bradley Thompson, who graduated from Webelos to Boy Scouts, received a graduation certificate and Webelos badge.

Birthdays were celebrated by Edwin Friberg, Bobby Sullivan and Bradley Thompson.

The meeting was concluded with a Pinewood Derby under the direction of Paul Crossman.

Identification Procedure At County Jail Set

Sheriff E. W. Biscailuz today announced the permanent adoption of the "Ident-a-Band" as a means of "on prisoner" identification for inmates of the Los Angeles County Jail. The Ident-a-Band is a transparent piece of tabular plastic one half inch wide and ten inches long with the tensile strength of steel. The inmate's name and booking number are typed on a small waterproof card which is inserted into the band and then fastened around the wrist.

"Every day 700 of our 5,000 prisoners leave or enter our custody and the method of maintaining positive identification has been a tremendous problem," Biscailuz said. "Prior to this new procedure, all of our inmates were photographed, fingerprinted and given a property envelope with their name and booking number typed on it. The time and staff required to check 700 prisoners for positive identification was a near impossible task."

The band is placed on the inmate's wrist as he is being booked and if it is removed, it can be replaced only by jail personnel. The condition of the band is checked each morning during routine cell block inspection and if it has been removed or tampered with, the inmate immediately goes through a complete re-identification process.

"In the past, prisoners awaiting trial for serious offenses or pending transportation to the State Penitentiary would switch identification with those of similar description about to be released," related Biscailuz. "We have now overcome this problem and in addition have saved thousands of man hours in our operations."
